EPSON TERMIC PRINTER

TM-T20II printer is a user-friendly device uncomplicated when it comes to its configuration and maintenance. The printer works with most of the operating systems. It offers a build-in power supply, USB cable, wall mainframe and conversion set.

The TM-T20II comes with a built-in USB interface and you can select from two models: 1) USB + Serial, 2) USB + Ethernet, making the model a long-term investment as it is possible to switch connectivity at any time.

The impressive printing speed of this device, namely 200mm per second, ensures quick, delay-free printouts.

Technical specification:

	EPSON TM-T20II
Print Type	Thermal line printing, Characters per inch: 22,6 cpi / 16,9 cpi Print Speed: 200 mm/s, Dot density: 203 DPI x 203 DPI
Fonts character set	95 Alphanumeric, 18 set International, 128 x 43 Graphic
Column capacity receipt	Receipt: 79,50±0,50 mm, dia 83 mm
Power supply	24 V
Interface	USB 2.0, RS232
Cutter	Partial Cut
Reliability	MTBF: 360 000 hours, MCBF: 60 000 000 lines
Auto Cutter Life	1 500 000 cuts
Printer Life	15 000 000 lines
Print Head Life	100 km - 100 000 000 pulses
Temperature & Humidity	Work temperature: 5°C do 45°C, Humidity: 10% - 90%
Product dimensions	140 × 199 × 146 mm
Product weight	1,7 kg
What's in the box	58-mm width paper guide plate, Driver and utilities (CD), Main unit, Power cable, Power switch cover, Rubber feet, Setup guide, Thermal roll paper, User manual (CD), Wall mounting bracket
Warranty	24 months Carry in
